 Will this tank be in an H-20 traffic-rated area? Yes | No
 Will you need extra Documents? Buoyancy Calc. | P.E. Stamp **OR** Structural Calc. | P.E. Stamp

Important Notes

- If engineered plans or specs are available, then they **MUST** be submitted with this form to receive a quote.
 - If no plans or specs are available, then a minimum of a hand sketch drawing is required Below:
- Budget inquires, less plans, may receive a price per gallon estimate.
- More FTS Tank shell drawings, accessory cut sheets, typical application drawings, etc... can be downloaded from our resource library at <https://fgtsolutions.com/drawings/> & <https://fgtsolutions.com/resources/>

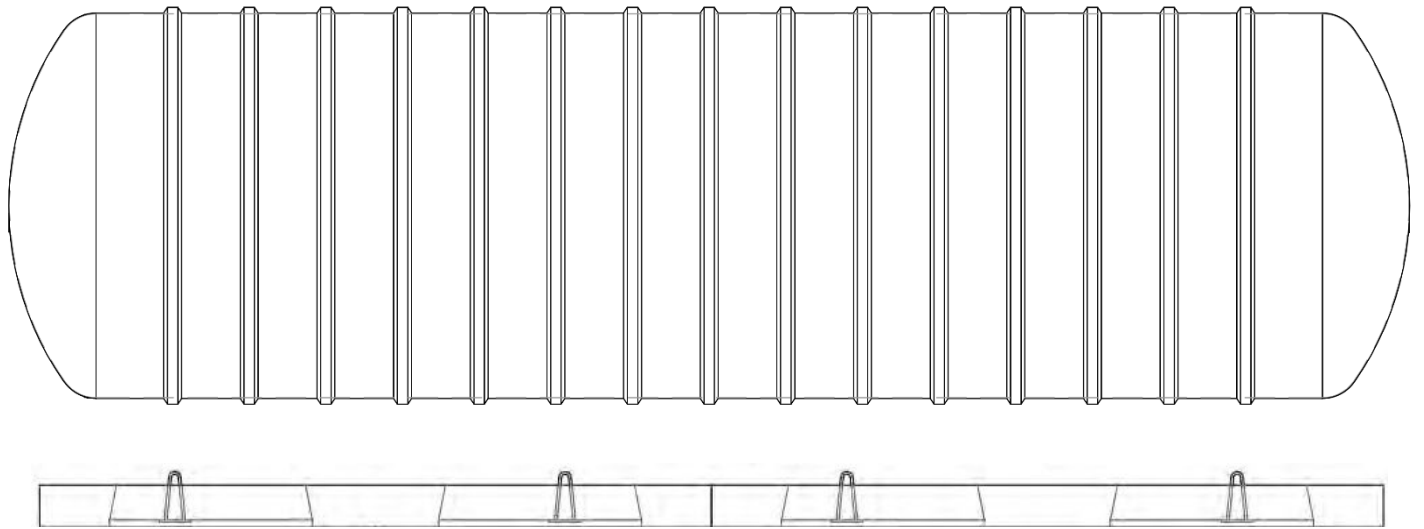

Tank Drawing | Sketch | Plans and Specifications

NOTE: This step can be skipped if submitting a tank drawing or pages from project plans and specifications that contain a tank drawing with this RFQ form.

On the tank shell drawing below or on a separate blank tank shell drawing, please sketch and label all the fittings and accessories needed for this tank.

More FTS tank shell drawings can be found at www.fgtsolutions.com/drawings/

FINISHED GRADE
